

Hydroflex

CLEANROOM CLEANING AND HYGIENE

360° Solutions –
comprehensive expertise

Cleanroom Hygiene

MORE EFFICIENCY AND SAFETY IN CLEANROOM CLEANING

- ▶ **Quality and Cleanroom suitability at the highest level!** For example through "IPA Fraunhofer" tested products!
- ▶ **Prevention of cross contamination!** For example through avoidance of hand contact with contaminated mops!
- ▶ **Optimal Ergonomics!** For example through innovative, light-weight cleaning systems – without need of bending or lifting!
- ▶ **Highest Efficiency!** For example through special microfiber technology, saving of disinfectants and faster cleaning processes!
